

IN THE UNITED STATES DISTRICT COURT  
FOR THE EASTERN DISTRICT OF NORTH CAROLINA  
WESTERN DIVISION

Case No. 5:24-cr-00289-M-KS

UNITED STATES OF AMERICA,

Plaintiff,

v.

VIDAUL RASHAAD REED, et al.,

Defendants.

ORDER

This matter comes before the court on the United States' Motion to Extend CDA Discovery Production Deadline [DE 345]. For good cause shown, the motion is GRANTED as follows.

On April 21, 2025, the court granted the Defendants' motion for the appointment of a Coordinating Discovery Attorney ("CDA"). DE 330, 331. The court ordered the United States to produce to the CDA any common discovery already produced within fourteen days of its order and to produce any additional global discovery directly to the CDA. DE 331.

As described in the present motion, the court recognizes the length of time necessary for the government to copy approximately three to five terabytes of data and ensure that the data is accessible to the CDA. The United States shall provide global discovery to the CDA no later than May 16, 2025.

SO ORDERED this 7<sup>th</sup> day of May, 2025.

  
RICHARD E. MYERS II  
CHIEF UNITED STATES DISTRICT JUDGE
